 - Visit **operatorshealthcenter.com** for more information regarding each location
 - Telehealth visits too!
- **Activate Healthcare Locations:**
 - Rockford, IL (779) 368-0757
 - Davenport, IA (563) 214-1599
 - Visit **eversidehealth.com/local150** for more information regarding each location
 - On-site pharmacy: provides generic medications, when medically necessary and prescribed by Activate provider
 - Access to 24/7 nurse line assistance for after hour needs and ANY of the clinics across the U.S.
 - Telehealth visits too!
- **DOT Physicals are now offered for FREE at the OHC/ACTIVATE HEALTHCARE EVEN IF YOU ARE NOT YET ELIGIBLE**
 - *Please be sure to call and make your appointment;* “walk-in” appointments may not be accommodated.
 - **You must bring your initiation dues receipt.**
 - **Inform the OHC/Activate Healthcare staff that you are a new Apprentice at the training site.**
 - These physicals take longer than routine physicals.
 - Upon making your appointment, the OHC/Activate Healthcare staff will instruct you on the information that you will be required to bring to the appointment.
 - If you are unable to keep your scheduled appointment, please call and cancel instead of being a “no-show”. This will allow other members to use the time slot.
- Once you meet the eligibility rules, you and your eligible dependents (OHC - ages 2 and up and Activate Healthcare – ages birth and up) can use any of the OHC/Activate Healthcare facilities. Services covered under the Bronze PPO Plan and performed at the OHC/Activate Healthcare are FREE. This includes annual school and sports physicals, lab services, acute/urgent care (please refer to the brochures for each facility). There is no deductible, no coinsurance, no copayment when you use these facilities.
- **Register for the patient portal website for the OHC/Activate Healthcare**
 - **REMINDER:** Once you have visited a facility, you can register on the patient portal website.
 - Through the patient portal, you can:
 - Schedule appointments
 - Send secure messages to your provider
 - Review lab results
 - Complete electronic check-in ahead of your appointment to update your records, when necessary
